

**Rowan Class
Years 4 and 5
Summer Term 2021**

Computing:

We will finally be able to use the microbits to extend our understanding of programming!

English:

In Term 5, we will be recapping our understanding of SPaG. We will then move on to exploring how dialogue can be used within stories to move plots forward. We will be using a clip from Harry Potter and the Philosopher's Stone as our stimulus. In Term 6, we will continue to explore how speech can be used in narrative, for example to develop characterisation. We will also be identifying the features within play scripts.

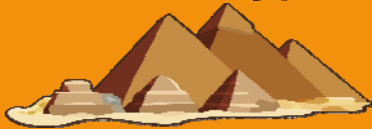

Religious Education:

This term, we will be exploring the question:
Did Jesus really perform miracles?

STEM - What? How? Why?

Awesome Egyptians!

Science:

We will start the Summer Term with Science Week! Last term, we planned investigations based on the theme 'air'. We will now carry them out and use the results to try and answer our questions.

Physical Education:

In P.E. this term, we will be preparing for our May Day dances and honing our basketball and netball skills. We will then be practising for Sports Day.

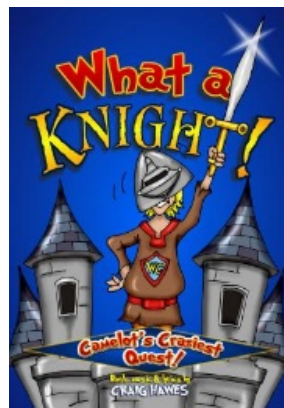

With Jack, we will be learning the skills associated with cricket and then athletics.

PSHCE:

In PSHCE, our unit this term is 'Rights and Responsibilities'. Within this, we will be learning about how to keep ourselves safe.

Mathematics:

Maths this term will start with fractions and the children will learn how to find fractions of shape and number. They will then move on to geometry where they will further develop their understanding of shape and angles. The term will end with a unit all about measurements.

In Term 6:

The final term is always very busy in Rowan Class! We will start the term by immersing ourselves in Art Week. We will then start our play rehearsals for: What a Knight!

In the final few weeks, we will learn about the awesome Ancient Egyptians!
