

## Year 2

# Enriching Learning

## Autumn Term 1: 2024

The following links will help you to work on some of the key learning for Maths and English this term. **With an adult's help, you can choose which areas you most need to practise and when and how long you spend on them.** If you are very confident, you should try the diving activities. If you need to develop your confidence, try the swimming activities. If you think you need to develop skills, have a go at the paddling activities.

### Maths Focus: Place Value

**Paddling** – Find the number given

<https://www.topmarks.co.uk/learning-to-count/helicopter-rescue>

**Swimming** – Find a number more or less than a given number

<https://www.topmarks.co.uk/learning-to-count/chopper-squad>

**Diving** – Match the number given using base ten equipment

<https://www.topmarks.co.uk/learning-to-count/place-value-basketball>

### English Focus: Punctuation

**Paddling** – Show where capital letters should be

<https://www.roythezebra.com/reading-games/capital-letter-1.html>

**Swimming** – Show where full stops should go

<https://www.roythezebra.com/reading-games/full-stop-1.html>

**Diving** – Choose the correct punctuation

<https://www.funenglishgames.com/grammargames/punctuation.html>

**Reading Reminder: This term, we would like you to try and read for 5-10 minutes every day.** You can read by yourself, or you can read with an adult. Ask them to record your reading in your reading diary. Remember that reading two books on the same day still counts as one night's reading! ☺

The following links will help you to develop your understanding of our topic this term and with topic homework activities.

## Topic Focus: On the Move!

[Transport 2 | LearnEnglish Kids \(britishcouncil.org\)](#)

[Oxford Bus Museum & Morris Motors Museum](#) – Great to look at their collections and find out more about William Morris!

[Downloadable Activities - National Motor Museum](#)

[Education resources – THINK!](#)

[Transport For Kids Games · Play Online For Free \(gamaverse.com\)](#)

[Transport - ESL Kids Games](#)

[Car Game For Kids - Play Free Online - Blue Peter Rally Racing - CBBC - BBC](#)

[Bumper Cars \(educationcity.com\)](#)

[Transport games - Cokogames](#)

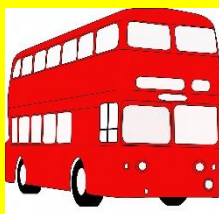

Each week, you need to choose one of these activities to complete and hand in on Wednesday in your homework book.

Make sure you choose a range of activities (some from each box) during the term.

## English Activities:

- Imagine you are going on a train journey. Write a description of what you saw out of the window. Use your imagination!
- You are going on a long journey by plane and can only take 10 things with you. What will you take? Draw each item and give reasons for each item.
- Design a booklet on road safety.
- Write your own bus ride adventure story!

- Learn ten different road signs and draw them into your homework book. Next to each one, write what they mean.
- Pretend that you are on a boat, sailing around the world. Write about what happens each day, on your week long trip.

## Maths Activities:

- Design a poster recapping your number bonds to 10 or 20 or 100
- Have a go at working out some addition and subtraction number sentences. Can you remember which sign to use for which? Have a go at using different methods and explore what helps you.

- Choose a number. Can you work out 1 more and 1 less, as well as 10 more and 10 less?
- Learn how to read a bus or train timetable.
- Get everyone in your family to design and make a paper aeroplane. See how far they fly and you record how far they go! Who is going to be the winner?!

- Don't forget to log onto Mathletics or TT Rockstars to play the Maths games!

## Topic Activities:

- Examine different forms of transport. Understand how transport has changed over time. Perhaps develop a timeline of automobiles, trains or space travel.
- Think about the journey to school you make. Can you design a map of your route?

- Can you make car or boat shaped cookies? Take a photo of your cookies and write a list of ingredients which you used.
- Research your favourite car on the internet. Write down the history of that car, draw your car and label it or make a 3D model.
- Think about which sports use transport. Choose one of these sports to investigate (events, personalities, world records)
- Tell us about what Eco-friendly ways can be used to travel across the world?
- Find out about transport used by the emergency services.

Eco challenge- Check out NASA's website to discover more on climate change: [Home](#) | [NASA Climate Kids](#)

How do you think you could reduce your carbon footprint this year?
