

# A fresh start in Mathletics for the new school year

Mathletics

Dear parents/carers,

We wanted to let you know that your child's Mathletics account will be refreshed on Monday, 29 July, 2024, ready for the results from the next school year.

i

## What does this mean?

- Results are reset so you'll only see the latest and most relevant results
- Progress bars are reset so you can see how your children are progressing with this year's curriculum
- Certificates are reset back to Bronze level.

## What about their achievements?

Your child's Avatar, certificates, and Live Mathletics scores will still be there, ready for another exciting year of maths! Your child will be able to access the certificates earned this year still in My Awards - 2023.

## What do I have to do?

Your school will take care of everything. They'll set your child's new curriculum and learning journeys, and you'll be able to use Mathletics at home in the meantime.

For more Mathletics activities, take a look at the **Parent Pack**.

We look forward to another fun year of learning!

Warm regards,

**The Mathletics Team**

The screenshot shows the Mathletics Parent Portal interface. At the top, it says "Explore your child's online Mathematics program" and "Mathletics". Below this, it addresses the "Dear Parent or Guardian" and explains that the child's account is being refreshed. It provides instructions on how to sign in with the child, including visiting the website, exploring activities, checking awards, and signing up for reports. There are three buttons for "PC & Mac", "QR Code Sign In", and "Tablet & iPad". At the bottom, there is a "Student Mathletics Login" form with fields for Username and Password, and a "Sign in at: mathletics.com" link.
