

Think before you park!

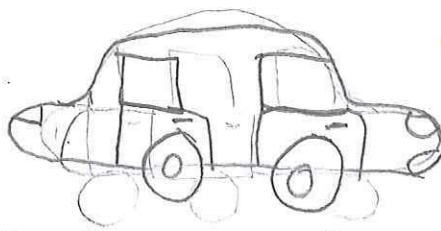

now!!

- We have zigzag lines and white lines to show you not to park there!!! If you do, we cannot see where cars are coming from and may get run over.
- Please do not park in front of driveways either. If you park in front of entrances, residents cannot get off their drives.

Please consider our children's safety

THINK Before You Park!

- If you park or drop off on the zig-zag lines the pupils cannot cross the road safely, because we can't see past the cars. This is still important at the end of after-school clubs.
- If you park on the white lines, it will also be hard to cross.
- If you block residents' driveways, they will NOT be happy.

This is for your children's safety and

happiness, so please follow these instructions.
