

Maple WEEKLY

Week 3 — Monday 18th January to Friday 22nd January 2021

Mrs Leonard's update:

Hello Maple Class! It was lovely to listen to lots of you read some stories on Zoom this week. I was also very impressed with the clues that you wrote for the different fairy tale characters.

Next week's learning is a bit of a change to the fairy tales topic that we have been working on so far this term. We are focussing on birds, in the run up to the Big Garden Birdwatch next weekend.

I love seeing what you have been getting up to, so please email me at: ileonard@chesterton.oxon.sch.uk. If you would like one of your photos to appear in next week's newsletter, please send them to me by Friday morning and I will do my best to fit them all in!

Reading Awards!

We have received an exciting selection of new books for our Reading Raffle prize box. They were bought from Coles Books in Bicester, who recommended them all to us. Remember to let Mrs Salter know when you reach your next award, and you might win one of the new books!

Joke Time!

Q: Why do hummingbirds hum?
A: Because they don't know the words.

On the menu tonight...

Benjamin and Matthew have been busy in the kitchen this week, making some rather delicious-looking chocolate brownies! Yum!

Feeling Artly!

I have seen some lovely pieces of artwork this week! There has been a gingerbread man puppet, lots of boats that can float, some winter landscapes, and some lovely feelings faces.

Certificate Winners!

Congratulations to Millie and Charlie for earning a well done certificate this week! I wonder who will get one next week for all of their hard work?

Staying Active!

Well done to Cherry! In total, she has cycled seven miles, run two miles, completed a Joe Wicks P.E. session AND a bit of throwing and catching practice! Wow! I hope that you are all ready for Mrs Rotherham's P.E. video next week!

Outdoor Learning!

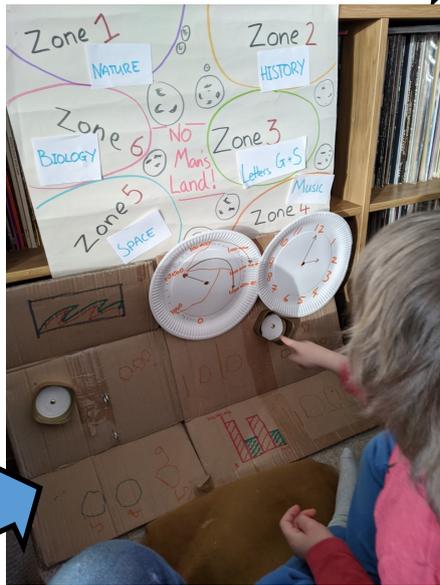

It looks like Noah has found a giant puddle from all of the rain that we've had this week! Look at the way the water is rippling. Can you see which 2D shape the ripples are making?

Millie has been doing some great Maths! She ordered the blocks from 1–30 and then measured herself against the tower!

Finn has been working hard this week... he built a spaceship! It looks like it has lots of control buttons and dials. I wonder where he will fly it to?

Isabella has been busy practising her facial expressions for different emotions. What feeling do you think this face is for?

What else have Maple been up to?

James and his big sister have been dressing up. Do you know which fairy tale characters they are?

Lucy had a great idea to play the feely-box game for the Science task. She had to guess and describe the different materials in the box without seeing them.

Charlie has been very busy at the farm!
How many sheep can you see?

Rocco and his dad were very creative this week, and built themselves this rather impressive den!
Can you see what they used to make it?
