		Small group learning via Zoom		Small group learning via Zoom			Don't forget your 1:1 reading session on Zoom!	

<p>Friday</p> <p>Email Mrs Leonard with some of the work done this week.</p>	<p>Outdoor Learning</p> <p>Planting vegetables (magic beans)</p> <p>At school, we were supposed to be planting some broad beans in our vegetable patch. If you are able to plant some seeds at home, that would be wonderful! You don't have to go outside to plant them either. Try planting a pip from an apple or lemon. You could get some cress (you don't even need soil for those seeds! They will grow on cotton wool). Keep a check on your seeds and see how long it takes for something to happen. Don't forget to give them a little water and sunshine!</p> <p>Alternatively, you could watch this lesson about things that you might see in the winter. https://classroom.thenational.academy/lessons/to-name-things-that-you-can-see-outside-in-winter-c4t3ec</p>	<p>Fine Motor Skills</p> <p>Practice your letter and number formation on the laminated sheets.</p> <p>Playdough is always a good way to practise your fine motor skills – can you roll it into a ball? Squash it flat? Roll it into a long sausage? Perhaps you could even shape the playdough into the letters of your name. Take some photos of all the playdough shapes that you make.</p>	<p>Music</p> <p>Listen to one of Mrs Leonard's favourite songs. https://www.youtube.com/watch?v=tsTH9TpxU_Y</p> <p>Is it fast? Is it slow? Can you clap along to the beat?</p> <p>Then use this lesson from Oak National Academy https://classroom.thenational.academy/lessons/good-to-be-me-64u3jd</p>	<p style="background-color: yellow;"></p>	<p style="background-color: purple;"></p>
