<p><b>Friday</b></p> <p><b>Email Mrs Leonard with some of the work done this week.</b></p>	<p><b>Outdoor Learning</b></p> <p>More about birds!</p> <p>If you made a bird feeder last week, go back outside and see if the birds have been using it.</p> <p>Think about the different kinds of nests that birds make. Some make them high up in the branches of trees, some in bird boxes, and some like their nests hidden away in hedges or bushes. You could go for a walk and see how many nests you can spot (don't get too close though!).</p> <p>Your challenge is to create your own bird's nest. What materials do you think that you might need? What could you use to make it soft and cosy inside?</p>		<p><b>Fine Motor Skills</b></p> <p>Practice your letter and number formation on the laminated sheets.</p> <p>Use pegs! Ask your adult to attach some string to the banister rail of the stairs (or wherever possible) to make your own washing line. Use some pegs to hang up items on your washing line. You could peg up socks, number cards, dolls clothes, or pictures that you have drawn (I have put some washing line number pictures on the resources page, if you would like to use them).</p> <p>Bigger pegs are easier to use, but if you would like a challenge, try using the smallest pegs that you can find!</p>		<p><b>Music</b></p> <p>Mrs Rotherham has recorded another Music session for you to take part in! I definitely spotted Beat Baby in this video too. You can watch it over on the Home Learning page of the school website.</p>
