Have a go at writing a paragraph describing this setting. Think about your five senses: What could you see, hear, touch, smell, even taste? What colours are in the picture?

For example: I can hear in the distance the sound of beautiful elephants calling to one another at the waterhole. I can feel the dry, wild grass blowing in the gentle breeze. I can see the orange, glowing sun setting in the dusky sky as the birds fly swiftly away to their trees for the night.
