

Ash Class Prayer 2025

Dear God,

Thank you for all our food and water. We are grateful for the Earth that you made and the creatures that you created.

Sorry for when we make wrong choices and we start to argue with others.

Sorry if we hurt people, even if we do not mean to.

Each day, please help us to make good decisions and do the right thing for others and ourselves.

Please help us to
enjoy all our
journeys in life and
look forward to
seeing you.

May we trust in you
that you know the
best for us and how
to live.

Amen
