

# Beech Class Prayer

Dear God,

Thank you for creating our world, our friends and our families. We are grateful for our homes that keep us safe and provide us with shelter when it rains.

Thank you for the water we drink and the food that we eat. We thank you for our school and teachers who help us to learn lots of things.

Please God, can you help to keep people healthy and make sure that there is enough food to feed the world.

Please can you help us to keep the animals on the Earth safe and protect our planet.

Amen
