

OAK CLASS PRAYER

Dear Lord,

Thank you for the support that you give us when times are tough. When the world is dark, you shine the light upon us. Thank you God for fish that swim; thank you God for birds that sing. Help us to appreciate the nature around us and respect the wonderful produce that the world provides. Thank you for watching over our school community and ensuring that we have what we need to learn. We are grateful for the education that Chesterton provides.

Please Lord, help people who are not as fortunate as us. Support them during difficult times and help us to keep ourselves healthy. Aid us to be compassionate and generous to our school friends and teachers. Guide us to express our talents confidently and face challenges with a positive mindset. We will stay true to ourselves and remain humble.

Amen.
