Click on the audio recording in supporting resources to hear Miss Claridge read this description aloud.

As the sun shines over the magical castle, the turrets tower high above the ancient building. The emerald green, tall and calm trees cover parts of the crumbly stone work which have stood for 200 years. The square, dusty and thin windows provide good look outs over the beautiful land. Around the castle, is a deep, clear and large moat with water as cold as ice! Swans gracefully swim up and down it. The draw bridge is squeaking in the wind like a little mouse, waiting to be lowered for the arrival of the grand carriage. The smell of tasty roast chicken fills the air for miles around, as the cooks prepare a feast fit for a King in the kitchen. In the distance, the sound of soldiers marching and stomping their feet to the almighty drum can be heard for miles around!

Reflection: Can you spot any examples of similes and power of three in my description?

Now, have a go at your own castle description. Scroll down to the next page for the writing template should you need it.

You can magpie one of my sentences to put into your own description.
